## DISTRIBUTION

Automation in gas industry operations—by J. Fred Ebdon
Part 1 ..... July 45
Part 2 ..... Aug. 66
Carnegie Natural builds a big one—by William W. Clark. Oct. 61
Computed flow telemetering ..... April 86
Construction planning and forecasting—by Jay Davis, Jr. ..... June 60
Distribution of flow in a network—by K. J. Stanton
Part 1 ..... Nov. 57
Part 2 ..... Dec. 53
Eastern utility inserts new mains into old ones ..... Dec. 41
Finding shorts in a distribution system—by Thomas Snedden ..... March 77
Flexibility, automation in regulator station design—by Everett Roark ..... April 73
Gas network analysis program for high-speed computer—by Francis L. Duffy ..... June 47
Is your LPG storage safe?—by Herbert F. Jewson ..... Feb. 49
Joint venture by utilities builds pipeline in Gotham..... May 65
Long-term tests with various coating materials—by Hugh W. Wahlquist ..... March 69
Louisville Gas uses plastic pipe to insulate services—by R. H. Walton ..... March 67
New England utility adopts plastic-coated steel pipe .... Dec. 50
Nine LPG-air plants enable utility to meet peak demands—by O. F. Nelson ..... Nov. 43
1958—Another good year for plastic pipe—by Don Wright ..... March 55
Odorization of an integrated gas system—by A. F. Kyhos ..... April 76
Peak shaving with LPG—by James K. Dawson ..... July 37
Plastic-coated steel pipe being tested by utilities ..... March 75
Plastic mains in the desert ..... Nov. 52
Plastic pipe and corrosion prevention issue ..... March
1958—Another good year for plastic pipe—by Don Wright ..... 55
Use of plastic tubing to replace services in low pressure system—by H. R. Murphy and T. R. Bogumill ..... 59
Tubing used for drip pipe in submerged river crossing—by Thomas J. Lambeck ..... 64
Louisville Gas uses plastic pipe to insulate services—by R. H. Walton ..... 67
Long-term tests with various coating materials—by Hugo W. Wahlquist ..... 69
Plastic-coated steel pipe being tested by utilities ..... 75
Method to find shorts in a distribution system—by Thomas Snedden ..... 77
Cathodic protection of an old unprotected pipeline—by David P. Price and Ray M. Wainwright ..... 119
Corrosion measurement by resistance method—by D. M. Cloud ..... 126
Asphalt mastic coating for offshore lines—by L. N. Brown 132
Preventing damage of gas facilities by foreign sources—by Sam Sokolow ..... May 71
Repair sealing bell and spigot joints with rubber base sealants ..... Feb. 59
Selecting flow equations for system network analysis—by R. T. Ellington, and G. G. Wilson ..... Sept. 45
Tubing used for drip pipe in submerged river crossing—by Thomas J. Lambeck ..... March 64
United Gas air conditions its meter shop ..... Sept. 62
Use of plastic tubing to replace services in low pressure system—by H. R. Murphy, and T. R. Bogumill .... March 59
Wire baskets speed meter handling for Southern Counties. Oct. 68

## EDITORIAL COMMENT

**Communications, edited by Frank Chapman**

Communications' role in pipeline automation—by F. Vinton Long ..... March 153
Considerations for the prospective microwave user (Long) ..... July 113
